PERSONAL AND CONFIDENTIAL

Regarding Case Number: 2011032701

October 6, 2011

This letter is a follow-up to the Fact Finding Meeting held for the Alpha Phi Chapter of Phi Kappa Tau on October 6, 2011. Based on the information shared with the student conduct administrator, a determination was reached concerning the following alleged violations of the Code of Student Conduct:

1. Hazing -- Responsible

In collaboration with the reporting parties, the Office of Greek Life Programs and the National Fraternity of Phi Kappa Tau the following sanctions were mutually agreed upon:

The Alpha Phi Chapter of Phi Kappa Tau is required to conduct a diversity education program which covers topics including but not limited to race, sexual orientation, and physical and mental disability. This program must be conducted by an expert in the area of diversity, completed by December 4, 2011, and attended by all members of the fraternity. Additionally, this program must be reviewed and approved by the Office of Greek Life Programs prior to the program being held.

The Alpha Phi Chapter of Phi Kappa Tau is required to conduct risk management training which covers the National Phi Kappa Tau risk management education program and includes specific education addressing hazing. This program must be facilitated by the chapter president with support from a chapter advisor or member of the board of governors. This program is to be completed by December 4, 2011 and attended by all members of the fraternity. Additionally, this program must be reviewed and approved by the Office of Greek Life Programs prior to the program being held.

The Alpha Phi Chapter of Phi Kappa Tau's new member education program is temporarily suspended until the following requirements are met:
1. The chapter president and new member educator are required to meet with Katelin Getz, Coordinator for Greek Life Programs, to review new member education expectations.
2. The chapter is required to implement the "Mark of Distinction Membership Orientation Program" supported by the National Fraternity of Phi Kappa Tau.
3. The chapter is required to provide the Office of Greek Life Programs with an outline that includes the date, time and location of all new member education programs and a summary of the material that will be covered during each program.
4. For the duration of the fall 2011 new member education program, the chapter advisor, a member of the board of governors or a member of the Greek Life Programs staff must be present at all new member education events.
5. The chapter must provide the Office of Greek Life Programs with a sign in sheet that details every member in attendance at any new member education program. This sign in sheet must be submitted to the Office of Greek Life Programs by the end of the following business day.

The Alpha Phi Chapter of Phi Kappa Tau has been given a formal warning that future violations of the Code of Student Conduct would minimally result in suspension of chapter activities for a designated period of time and can lead up to suspension or dismissal of your organization.

Please note that failure to abide by the above listed outcomes will result in a new violation of the Code of Student Conduct.

Both the complainant and the accused can appeal the above sanctions within five (5) business days. More information on the appeal process can be found at http://www.uakron.edu/sja/appeal.dot.

Effectively immediately, this concludes the student judicial affairs process and thus the temporary suspension is lifted.

Incident description:

On 10/4 at 11 am I received a credible report of hazing allegations on Phi Kappa Tau Fraternity. On Sunday evening, 10/2/11, during their new member pinning, the new members were given their pledge pin. They were told that they could only remove the pin if doing one of the 4 S's (sleeping, sex, showering, shitting). The pledge master (new member educator) asked for the pins back to record a number on the back of the pins. The new members handed the pins back and then were informed that they would be punished for breaking the rule of taking their pins off. Their punishment is that the new members must go to the Interbelt Nigh Club on Thursday night (10/6) and take a picture with a homosexual. They must remain at the club until one of their pledge brothers is ready to leave, which will be around 3 am.

Each new member was given a pledge name, some of which were perceived as offensive by the new members. Names include: Slapshot, Shivers, Toby, Captain Jackass, Kunta Kenta, and Interbelt.

Guess which fraternity is being referred to Student Conduct.
I've asked Katelin to look into this... Copied Thad and An e so they are in the loop.
I told Katelin. (Via email) to let the TKE President know He should schedule a meeting with me either Fri or Mon.

I have a phone call into the individual who wrote below and have let Dr. p and Candace know via email what my response has been.

Would you have Susan create a referral to your office for the TKEs as if from me based on the correspondence received ...

Also, will you find out what the "dnr.state. oh " is... Once you find out i may have you contact John Laguardia so he is aware.

Dean Rocco and members of the TKE Fraternity,

My husband and I spent this past weekend, March 14th – 16th , at Punderson State Park in a cabin across from several cabins rented by Akron U students and members of TKE fraternity. Our two children, aged 11 and 14, accompanied us.

We sought a family getaway and instead experienced a front row seat to Spring Break 2014. The students were crude, openly and loudly profane, and flagrantly intoxicated. Profanities were often times hollered over loud music and partying which occurred well into the early morning. The students exhibited a complete disregard for their surroundings and for the other visitors within the park. When we complained to the front desk the following day we were informed Punderson does not have a resident ranger. The only option was for our family to move to a cabin away from the "party" for our second night's stay.

My husband and I, too, were once in college and appreciate that students like to have fun, but the behavior we witnessed was inappropriate and infinitely obtuse in the confines of a state park, particularly in an area with families with children. Your students' behavior represented your organizations poorly and caused us (and most likely all others present) to lower our opinion of the University of Akron and the TKE fraternity.

Sincerely,

Incident Description

On Wednesday 10/1 in InfoCision Stadium, intramural flag football was being held for the Fraternity leagues. Prior to the 9pm game, intramural staff were checking players in. One of the officials, Mario Green, noticed one player from Phi Delta Theta's team seemed to smell heavily of alcohol. Mario notified the student supervisor working at the time, [redacted], of this. [redacted] then approached the player in question ([redacted]) and engaged him in a conversation to learn more. [redacted] then came to get me (Chelsea Phipps) from the next field, and explained his belief that [redacted] did, in fact, smell of alcohol. [redacted] told me that during his previous conversation with [redacted], that [redacted] had mentioned there having been a tailgate event prior to the game, that started at 8pm. [redacted] also mentioned that a few other guys had been around and had 1 or 2 beers, but that was all. [redacted]'s overall impression was that [redacted] had drank a fair bit, and was somewhat rambling - now having potentially "outed" some of his fraternity brothers or the chapter.

I then approached [redacted] again, along with [redacted] to chat with him. I introduced myself and asked what he had been doing prior to the game. He mentioned to me also that there was a tailgate event before that (I don't remember the location he said) and a few beers were had by some people. I then turned back to the field where Phi Delta Theta's game had just started. I called for the officials to stop the game, and I asked for the entire PDT team to come to my sideline, and sent the other team to the opposite sideline. I let the team know that we had reason to believe that at least one player was under the influence, and that we now believe other players may be also. I reminded them that they are supposed to represent themselves as upstanding gentlemen of the fraternity community, and are participating in a Wednesday night fraternity-only league as a privilege. I then asked that anyone who had been consuming alcohol before arriving here please step forward and remove themselves from the game - no one was going to be playing under the influence of alcohol, for everyone's safety, and in keeping with our intramural program policies.

One player immediately stepped forward, and I thanked him. The team captain then asked me if the students would be punished. I said that I did not know what may happen, but that wasn't my concern at that point - my only concern was safety and removing the players who had been drinking. I said that any decisions beyond that moment would fall to Fraternity & Sorority Life and/or Student Conduct. [redacted], a member of the team, stepped forward to speak on behalf of the team that he apologized for all of this, and completely understood our decision. He then asked his teammates to step forward if anyone else had been drinking - two other players did. I did not know their names at the time, but the 3 players who admitted drinking were [redacted] and [redacted]. All 4 students were then escorted out of the stadium by [redacted]. All 4 players were cooperative and did not have anything to say on their way out. [redacted] continued to cooperate by providing us their names and offering to assist in any way possible. [redacted] also told me that they would be referred to their internal PDT judicial board immediately. The game resumed with the remaining players.

One thing to note is that I did not notify UAPD, as I did not think it was necessary at the time - due to their cooperation, and the fact they were not causing a "disturbance" per say. I've since learned that all 4 players are underage, so will leave that to your office(s) to decide what to do. Moving forward, I know that FSL and SCCS will be meeting with the individuals and/or the PDT organization. If possible, I'd like to request at least an initial/temporary decision could be made by close of business on Monday, October 6 or Tuesday, October 7 at the latest. Reason being, that next Wednesday 10/8 would be another week of fraternity flag football - but we would need to know if this particular team is eligible to continue playing with the remaining players, or if the entire PDT chapter will face sanctions affecting any of their 3 current intramural teams participating, etc. Please feel free to call me to discuss further and/or seek input for sanctions, etc. Thank you in advance for handling this referral.

July 21, 2011

This letter is a follow-up to the Fact Finding Meeting held for Alpha Phi Alpha on July 20, 2011. Based on the information shared with the student conduct administrator, a determination was reached concerning the following alleged violations of the Code of Student Conduct:

1. Disorderly, disruptive, lewd or indecent conduct -- Responsible
2. Intimidating or threatening behavior -- Responsible
3. Disruption or obstruction of teaching, administration, or other university activities -- Responsible

The student representative for Alpha Phi Alpha, [redacted] admits that Alpha Phi Alpha demonstrated inappropriate behavior at the Phi Beta Sigma Strolling Show. Mr. [redacted] was remorseful for the actions of the organization and apologized for the organizations wrong doing. We reviewed the Code of Student Conduct, appropriate behavior, and future expectations.

In addition, the following sanctions were determined:

Alpha Phi Alpha has been given a formal warning that future violations of the Code of Student Conduct may result in suspension or dismissal of the organization from The University of Akron.

Alpha Phi Alpha has been placed on disciplinary probation beginning immediately and continuing until the end of fall semester on December 9, 2011.

Alpha Phi Alpha is responsible for covering the cost of extra Police Officers and/or any additional costs that may be incurred by Phi Beta Sigma Fraternity for their "Strolling Show" that are deemed by SJA and the Office of Greek Life Programs to be a direct result of the disruption caused at the November 30, 2010 event.

Alpha Phi Alpha is required to make a presentation before the NPHC Icebreaker and All Greek Stroll events that cover audience expectations, the meaning behind strolling and appropriate/respectful behavior. It is the responsibility of Alpha Phi Alpha to work with the Office of Greek Life Programs to determine the date, time, and presentation requirements.

Alpha Phi Alpha is required to make an announcement before any events the fraternity hosts that addresses the rules of the event and expectations of the audience.

SJA has agreed to waive the $150.00 intimidating/threatening behavior fine because Alpha Phi Alpha has already paid a fine to NPHC.

Please note that failure to abide by the above listed outcomes will likely result in a hold being placed on a student account and is a new violation of the Code of Student Conduct.

Both the complainant (the faculty, staff or student who referred the incident and/or was identified as the

wronged party) and the accused student can appeal the above sanctions within five (5) business days. More information on the appeal process can be found at http://www.uakron.edu/sja/appeal.dot.
